THE OPPORTUNITY

Give Students More Opportunities to Learn, Practise & Connect

Many rural schools face gaps in access to **English learning opportunities, learning materials and digital resources**. Beyond the Classroom brings schools and businesses together to co-create learning activities through digital learning.

HOW IT WORKS: *From shared purpose to lasting impact*

Discover

Identify learning priorities and opportunities to contribute.

Co-design

Align corporate ambitions with student needs.

Activate

Deliver materials and lead hands-on learning sessions with children.

Sustain & Measure

Sustain regular learning and measure meaningful progress.

DESIGNED FOR LASTING IMPACT

A continuous learning process, supported by reusable resources and school collaboration, gives students the opportunity to build knowledge over time — with progress that can be seen and measured.

DELIVERED OUTCOMES

Broader Learning Access

More opportunities to read, listen, explore English and use digital resources.

Growing Learner Confidence

Regular practice that supports participation, retention, competency, and confidence.

Stronger School Capacity

Building lasting capacity for continued learning
